COMPLIANCE WITH RULES 73.3535 AND 73.3597

The proposed assignment of the construction permit for K68DJ complies with the requirements of Sections 73.3535 and 73.3597 of the Commission's Rules for the following reasons:

1. This application was not filed within nine months of the issuance of the construction permit for K68DJ. The permittee, Hye Chin Lowery ("Lowery"), was unable to progress in construction due to reasons beyond her control, and she took all possible steps to resolve the problem and proceed with construction. See the attached Declaration of Lowery. The Commission may grant this application in accordance with 47 C.F.R. § 73.3535(b)(3).
2. Although Lowery has not yet begun operation of the station, the Commission may grant this application without a hearing because the proposed transaction is due to changed circumstances affecting the permittee, which occurred subsequent to the acquisition of the permit, and FCC consent to the proposed assignment will serve the public interest. 47 C.F.R. § 73.3597(a)(4).
3. Other than the purchase price of \$3,500.00, there are no agreements for other payments to the seller with respect to the sale of the K68DJ permit, or for the seller's retention of any

interest in the station. See the attached Declarations of Hye  
Chin Lowery and Donald E. Holley.

DECLARATION OF HYE CHIN LOWERY

I, Hye Chin Lowery, declare as follows:

1. I became the assignee for K68DJ, a low power television station that will operate on Channel 68 in Corpus Christi, Texas, on September 22, 1990.
2. My original intent when I purchased this construction permit was to air a national network that had no affiliate in Corpus Christi, such as the Trinity Broadcasting Network, and supplement their programming with locally-produced programming. Toward that end, I held serious discussions with Trinity, but was unable to get them to commit to an affiliation. Finally, in the fall of 1991, Trinity announced that they had acquired their own construction permit in Corpus Christi. At that point, I contacted several other programming sources such as Home Shopping Network and Jukebox Network; all declined to form any affiliations in Corpus Christi at that time. In late-1991, I placed the construction permit up for sale. At all times I diligently searched for appropriate programming sources and prepared for construction of K68DJ in good faith and with serious intent. I even obtained a proposed assignee and filed an application for transfer with the Commission ( File No. BAPTTL-920318IA), but due to inadequate financial resources, the assignee was unable to go forward. I filed a Major Modification

application for K68DJ during the May, 1991 filing window (File No. BMPHL-910502EN). I also filed a Major Modification application for K68DJ during the April, 1992 filing window.

3. I cannot locate the receipts or invoices relating to my purchase of the permit. In good faith, however, the costs and expenses incurred in purchasing the station equalled, or exceeded, \$3,500.00, as follows:

Original Purchase Price	\$3,000.00
Application Fee	\$425.00
Miscellaneous	\$200.00
Total	\$3625.00

4. Other than the sales price of \$3,500.00, there are no agreements of any kind for reimbursement to me for expenses of purchasing, or preparing to construct, low power television station Channel 68 in Corpus Christi, for my retention of any interest in the station, or for options or any other means by which I may acquire such an interest. I will retain no interest in the station whatsoever.

I hereby declare under pain and penalty of perjury that the foregoing is true and correct.

Executed on May 11<sup>th</sup> 1993

  
Hye Chin Lowery
